HUGHES AND SOLONS IN ROW OVER ALIENS

STATE DEPARTMENT PROTESTS
ON JAPANESE EXCLUSION

VETO MAY BE REQUESTED PARTY LINES MAY BREAK

Secretary Says "Gentlemen's Agreement" Violated By Proposed Measure—South and West May Unite for Restriction.

Washington.—Serious differences have developed between the state department and the framers of the immigration bill now being debated in the house over the question of Japanese exclusion, a subject bound up with delicate international aspects.

Should the provision aimed at excluding Japanese be retained in its present form, Secretary of State Hughes would make a strong effort to have the president veto the measure and ask congress to re-pass it with the objectionable section modified.

Secretary Hughes has warned the house that the Johnson bill violates the "gentlemen's agreement" with Japan, reached after great difficulty, by which Japan voluntarily restricts emigration to the United States.

The Japanese government, through the embassy here, has made representations to the state department that this section is in conflict with the gentlemen's agreement, and Secretary of State Hughes has told congress that the sensibilities of the Japanese people will be affronted if the provision stands.

Passage of the immigration measure by the end of this week has been predicted by Chairman Johnson.

Party lines are expected to be smashed in consideration of the bill, with the representatives divided along agricultural and industrial lines. The Democratic south probably will unite with the Republican west to vote for the bill, while representatives from big cities and north Atlantic states probably will vote against it.

Denying the bill discriminates against southern and eastern Europe, Johnson said it merely "gives those of us who already are here a fair chance. Fully 75 per cent of the population of this country can trace its ancestry to northwestern Europe. We want to keep the national background as nearly the same as possible. Under the 1890 quota we can do this."

FOUR DEAD; THIRTEEN INJURED IN PENNSYLVANIA KLAN CLASH

Lilly.—In a battle here between townfolk and members of the Ku Klux Klan, four men were shot to death and thirteen wounded, according to reports to the police. The klansmen, in full regalia and 500 strong, held a meeting on a hill overlooking the town. After the ceremony, the members of the organization marched toward the railroad station. A crowd of more than 1,000 persons had gathered at the station to see the unusual sight.

Without warning a revolver shot was fired and a battle between the two factions started, it was reported. Police were unable to cope with the situation and the revolver battle raged until the klansmen fought their way to a waiting railway train and departed.

Catholic Directory Out

New York.—The official Catholic directory for 1924, published here, shows that the Catholic population of the United States has reached a total of 18,559,787, an increase of 298,994 over last year. The clergy shows an increase of 614. During the year 199 new churches were established, 550 more students enrolled in ecclesiastical seminaries and 1,998,376 children were in attendance at Catholic schools. This latter figure shows an increase of 65,956 pupils in one year.

Mussolini Party Wins

Rome.—Benito Mussolini has again triumphed in Italy. The Fascist battle cry, taken from the battle cry of the old Roman legions, rang through Rome as it became known that the Nationalist ticket had won by a big majority in the spring elections, thus assuring the continuation of Premier Mussolini's regime. It is estimated that 7,000,000 votes were cast of which 4,000,000 were in favor of the government.

Senator Johnson Imperiled

Mount Clemens, Mich.—Senator Hiram Johnson and four others touring the state with him narrowly escaped injury when their automobile skidded into lowered gates at a railroad crossing near here. The car was halted a few feet from a locomotive, which was brought to a stop when the engineer saw the automobile was going through the gates.

DAWES REPARATION REPORT COMPLETED

TRANSLATION DELAYS PUBLICATION DATE OF DOCUMENT

GOLD BANK SUGGESTED SERIES OF LOANS URGED

Experts' Plan for Rehabilitation of Germany Favors International Mortgage on Tonten Railroads.—France Must Quit Ruhr.

Paris.—The report of the experts' committee, the most important document since the treaty of Versailles in so far as its potential effect on the European situation is concerned, is completed to the smallest detail.

There remains only the difficult task of adjusting the French translation and correcting the proofs.

The main lines of the report are as follows:

In order to stabilize German currency the experts recommend the creation of a gold bank of emission, with a capital of 400,000,000 marks. The bank would be governed by a board of fourteen directors. Seven members of the board will be Germans and seven foreigners. England, France, the United States, Holland, Switzerland, Italy and Belgium would be represented on the board.

The bank would print bank notes which would replace the marks and renten marks. The notes would be printed in neutral countries and must have 40 per cent of metal to cover them. The new bank would absorb the present Reichsbank.

To balance Germany's budget, the experts propose a series of international loans, secured on German railways, which are valued at 25,000,000 gold marks and have an indebtedness of only 400,000,000 gold marks. The larger percentage of this loan would be used to retire the renten marks. Germany would be required to raise fares and freight rates to insure a working profit and agree to foreign supervision of railroad operations in order to guarantee security of the investment.

The report provides for payments into the bank for the reparations account and to cover deliveries in kind and the expenses of the armies of occupation. The first year 1,000,000,000 gold marks must be paid under this plan. This sum increases to 2,500,000,000 in the fifth year.

France would relinquish economic control of the Ruhr under the plan, and there would be no other form of foreign control except the controls the plan itself provides.

The experts further propose the establishment of government monopolies of sugar, beer, alcohol, salt, tobacco and matches, with the stipulation that a certain flat minimum sum from the receipts be deposited in the bank to the credit of the reparations account. Nations entitled to reparations could draw against this amount by check, either for cash or for reparations materials.

A system of mortgages on Germany's industrial, commercial and agricultural properties is also proposed. The mortgages would be calculated on the profits the owners of the properties have made by the slump of the mark. Half the profits of this scheme would go to the reparations account and the other half would go into the German budget.

The scheme aims to make the German people bear taxes at least equal to those in allied nations. The experts do not interfere with the total amount of reparations Germany must pay.

Reparations officials declare that the report is bound to mark a milestone in the post-war adjustment of the European tangle and furnish the framework for a compromise settlement by which Germany's financial and economic systems may be rehabilitated and put on a paying basis. It is emphasized that this is the first plan produced which provides for reparations payments and the balancing of the German budget.

Officials foresee an outburst of objections from Germany, France and all interested parties, but feel these may be discounted in advance, as the plan provides a reasonable solution and will furnish the basis of a settlement if there is to be any settlement at all.

It is believed that the situation in Europe is such that the governments concerned will not dare to reject a reasonable settlement, as rejection would intensify European chaos. Germany's chief objections, is believed, will be on the question of the railways and to a certain degree on the plan for partial foreign control of the bank of emission. The bank will have a money printing monopoly, and it is possible that Germany may claim that the plan providing for a 50 per cent foreign directorate over a period of fifty years is too high a percentage.

Golden State News of Interest to All

Income tax refunds on community property amounting to almost \$100,000,000 may be made to California with a possibility of another huge amount in federal inheritance taxes, according to a treasury department ruling under which, for instance, a married man with an income of \$50,000 will pay a tax on \$15,000 only, as his wife will be permitted to file a return on the other half. The smaller community property tax-payers, in some instances, will escape the normal tax of 8 per cent where the gross income is more than \$4,000.

California fire insurance premiums for 1923 totaled \$49,811,502, an increase of \$7,000,000 over the figures for 1922, according to statistics filed with the insurance commissioner. Even with this large increase, however, the experience of companies operating in California was not particularly profitable, as the incurred losses amounted to \$20,444,715, being practically 50 per cent of the premiums written. The additional reserve on the \$7,000,000 increase in income raises this loss ratio to 56.20 per cent earned premiums.

A national redwood park of at least 20,000 acres is to be a future objective of the Save the Redwoods league. In the past three and a half years the league has preserved redwood forests valued at \$975,000. Of this sum \$500,000 is represented in groves given to the state by individuals and lumber companies, \$300,000 was appropriated by the state and \$175,000 was donated by people of Humboldt county and the state generally.

Notice was served by union labor upon the Standard Oil company, that unless all carpenters working on the company's new \$1,000,000 building at Los Angeles were paid \$9.50 a day, they would be called out on strike. Should the strike there be successful, it would extend to the building trades in general. Should a general building trades strike win, the next point of attack would be Seattle. After that, San Francisco.

An artist colony in California with free workshops for composers of music, poets, sculptors and for other creative work may be the outcome of the visit to Los Angeles of Mrs. Edward McDowell, widow of the famous American composer.

Completion of a third unit to the Caribou power plant in Plumas county on the upper reaches of the Feather river, adds 32,000 horsepower to the plant and will lessen the possibility of a power shortage in northern and central California.

Representatives of ten western states attended the western states conference of motor vehicle administrators, called by the National Safety council, at San Francisco, April 7, 8, 9, to develop a plan to reduce automobile accidents.

By a vote remarkable both for the large total cast, 2,934, and the almost unanimous majority in its favor, the issue of \$3,250,000 of additional bonds for the completion of the Merced irrigation district's upper works was carried.

H. G. Moody, son of H. L. Moody, editor of the Redding Searchlight, has begun publication of the Shasta Sun, a new paper at Redding in competition with his father to whom he recently sold his interest in the Searchlight.

R. Sassa, a Japanese, was accosted and held up by a foot and mouth control guard, on a bridge near Livingston. Investigation revealed 1,344 bottles of sake, a Japanese liquor, in the truck. Sassa was jailed at Livingston.

A woman played the leading role in the holdup staged on the state highway near Willows when J. A. Kerr was relieved of \$20 in currency.

Fire at Santa Barbara destroyed nine automobiles, caused a damage estimated at \$60,000 and threatened to sweep a city block.

The Antelope valley sanatorium, an institution for the care and treatment of tubercular cases at Lancaster, is closed temporarily.

The remains of W. S. McDonald, Shasta prospector, were found mangled on the railroad track near Keswick.

Officials declare, however, that the report is the most comprehensive scheme ever devised for putting a nation on its feet and making her a paying proposition despite herself.

The entire European situation hangs on events following the issuance of the report. It is expected that the report will lead shortly to an allied conference and certainly to Franco-British negotiations. The report will also predominate in both the French and German spring elections, and the results of the elections, in turn, will have a strong influence on the action of the respective governments.

GRANGE IN BUSY SESSION

Geo. J. Miller, master of Mountain View grange and several others from Mt. View were visitors at Orchard City Grange Tuesday evening.

Mr. Noddin said that he thought farm life was lightened and made more interesting by the many uses of electricity and that civic pride should influence us to keep our yards and fronts of property clean—clean cultivation along the road even up to the beaten track adds very much to the appearance of a place and gives everyone a much better opinion of a country than long stretches of weeds.

Under the head of poultry the accredited hatchery committee reported progress.

Mr. Keesling speaking on education stressed the necessity of persistently sticking to whatever one undertook, mentioning the life of Frank Bacon as a marked example and that it was his sticking to the profession of an actor that was the cause of his great success and that principle applied to everything in life. On the subject of child labor, he thought that some day we would not only teach our children how to work but how to enjoy the work they did. He was opposed to any child being worked to a point of exhaustion, such work would dwarf them both physically and mentally, but education in light work is as important as any other education.

Under woman's work, Mrs. Young exhibited a beautiful rug, the work of her own hands and gave a talk on making them. The rug attracted much attention.

Mrs. Clendenen spoke feelingly of the passing of Sister Wilson, who for many years had acted as the head of the grange drill team and suitable resolutions were adopted.

Arrangements are being perfected for Grange Field Day, May 10. It is intended to make this a community affair. Of this more later.

Many topics of vital interest to the people of this valley and of the whole country were discussed. A resolution disapproving of any changes in the Volstead Act was unanimously adopted.

Mr. Miller gave a splendid talk on cleaning up Santa Clara county especially in the interest of our young people. It is hoped some further action will soon follow.

Mr. and Mrs. L. B. Davidson were elected to membership in the order.

NEW OFFICERS ELECTED

The regular meeting of the High School P. T. A. was held Tuesday at the High School. Reports of the paper drive were most satisfactory, showing that the sum of \$70.63 was taken in from sale of papers and magazines.

Mrs. Purmort gave a very interesting account of the meeting of the San Jose-Santa Clara County federation held in San Jose the day before.

It was decided to accept the offer of the Seniors of a page in the Oriole devoted to P. T. A. work and also to have the picture of the president in the Oriole.

An article from the Parent-Teacher Voice, called Mothers and Daughters by Mary Yost was read by Mrs. Duncan. Matters pertaining to the welfare of the school and students were discussed and the following officers elected for the coming year: President, Mrs. F. E. Duncan; vice president, Mrs. Eddlemon; secretary, Miss Jenkins; treasurer, Mrs. Rice.

A request was made that more dish towels be donated to the gymnasium kitchen, each to be marked P. T. A. and it was decided that the money raised at the recent birthday party be used for kitchen equipment.

The election for Fire Commissioner Tuesday passed off very quietly, W. H. Stray being re-elected.

PUNDITA CIRCLE ENTERTAINS OTHER CAMPBELL CLUBS—GUEST DAY

MORELAND CLUB MEETS WEDNESDAY

The Moreland Good Will Club met April 2 with Mrs. H. D. Owen of Saratoga Avenue, with ten members and four guests present.

After the business meeting a very interesting and instructive paper was given by Mrs. S. E. Johnson upon Japanese Women, after which Mrs. Anderson read a chapter upon the same subject by Julian Street.

During the social hour we were pleased to meet Mrs. Owen's daughter-in-law, her grand-daughter, Mrs. Keith Owen and her sister-in-law, Mrs. Keith Owen, and her daughter, little Miss Owen, eleven months old—making four generations present.

It was one of our profitable and enjoyable afternoons.

April 16, will be guest day with Mrs. L. Hiatt on Union Avenue. We look forward to meeting members from sister clubs and exchanging activities, together with a real social afternoon.

CAMPBELL'S FIRST FESTIVAL OF ROSES APRIL 25

A Festival of Roses—That is the next large event on the entertainment calendar of Campbell. The Country Woman's Club is staging the affair at the Library and indications all point to a grand success. However in order to be the financial success it ought to be the Club is asking the assistance of the people of the community. As everyone is proud of our new library building and interested in its success, both for personal reasons and because it is an asset to the town, it is only fair that its upkeep should not be the burden of a few, so that no one need be afraid that her donations will not be needed or duly appreciated.

A variety of departments all will need contributions and the chairmen would greatly appreciate it if those willing to give would notify them of their intended contributions.

There will be a tea garden where the usual eats associated with these places will be served. Mrs. Leon Miller, chairman; a needlework booth, Mrs. W. T. Morton in charge, at which handkerchiefs, towels and tea aprons will be sold; plants and bulbs, Mrs. George Husted; candy, Mrs. Julia Toles; food, Mrs. S. N. Hedegard; French bouquets, Mrs. W. S. Shelley; rose pond (a new type of fish pond or grab bag) for which the usual small articles are wanted, Mrs. Harold Morton; and a novelty table presided over by Mrs. Jas. Turner, where any attractive little novelties will be welcome. Cards and mah jongg will be in readiness and those desiring to play should make reservations by notifying Mrs. L. T. Lenox. There will be music and other amusements in charge of Mrs. R. H. Hyde. Further particulars will be given later.

Remember the date which has been set ahead from that announced, to Friday, April 25.

HI GIRLS WIN

The girls' baseball team of C. U. H. S. played against the San Jose Hi team Tuesday afternoon and won by a close score 9 to 8.

The line up of our team was: Mary Lopes, c; Anna Lund, p; Ruth Miller, 1b; Amelia Vierra, 2b; Miriam Lynn, ss; Byrel Peterson, 3b; Adele Freitas, 3b; Florence Carter, lf; Loraine Suggs, cf; and Sophie Ferro, rf.

Mrs. W. T. Morton went to San Francisco Wednesday to attend the Grand Court of the Amaranth.

Among the many delightful affairs which the Pundita Circle enjoys during the year is their guest day, which this year was made memorable by the presence of Mrs. Sanborn Young of Los Gatos.

The Community room was beautifully decorated with poppies, white and purple lilacs, and purple iris combined with white, all of the coloring blending harmoniously with the color scheme of the room.

The president, Mrs. Wendell Thomas, very graciously welcomed the guests on behalf of the club members, and then announced a group of songs by Miss Helen Kalas, with Miss Bozena, accompanist. Her first number was "Greetings" followed by "Were My Songs with Wings Provided." In response to an encore she sang very sweetly, "The First Primrose."

Mrs. Alison read a short account of the organization, growth and purpose of the Pundita Circle which was very interesting.

Mrs. Young, who writes under the pen name of Ruth Comfort Mitchell, read a number of poems, narrating the incidents which led to their composition, among them were "The Old Maid," "From Her Late Residence," "Recruiting Song," "Voyages," "The Vinegar Man" and "Panic." Mrs. Young's interpretation and rendition of her work was most delightful and the intimate touch, which the recital of the source of inspiration lent, made them doubly charming.

The program closed with the singing of "Haymaking" and "The Swan" by Miss Kalas, two pleasing selections.

The remainder of the afternoon was spent in a general social time, during which dainty refreshments were served, the hostess being assisted in serving by the daughters of the members.

P. T. A. PARTY AN ENJOYABLE FUNCTION

A very prettily appointed and most unique arrangement was the setting of the high school P. T. A. cafeteria dinner in the new gymnasium Friday evening.

The service tables had been placed in a semi-circle about which the hungry passed to make their selections of choice foods. These tables were very artistically decorated in seasonable coverings each representing a festival or holiday of that month.

January representing the new year was presided over by Mrs. Harry Williams and assisted by Francis Fletcher. February as Valentine month carried out the theme and was in charge of Mrs. J. Burns and Florence Williams. March arrayed in St. Patrick's colors and signs was in charge of Mrs. Scholling and Irene Preston. April was very showy in purple and lavender crepe with baskets of Iris, the work of Mrs. Earl Eddlemon and Helen Beal. From this table coffee was served, made and donated by Mr. Halla, of San Jose, and its quality was a convincing ad for Halla's coffee. Mrs. Lloyd Gardner and Ruth Miller presided over the May table in gay attire of spring flowers and May baskets. June, the wedding month, displayed a pretty bride's cake. Mrs. C. E. Buck assisted by Frances Duncan as the charming bride, served at this table.

The patriotic month of July was decorated in national colors and in charge of Mrs. Rabb and Helen Gardner. Mrs. A. L. Zillmer and Wilma Smith served at the August table bedecked in late summer flowers. Mrs. A. D. Rice and Ada Smith had the September table prettily decorated with the California Bear flag and autumn leaves.

October was the Halloween month with its black cats and spooks arranged by Miss Jenkins and Marie Purmort.

Sammy Yee, Chinese student at the Marysville high school, won the type-writing contest open to all high school students of northern California. Yee wrote fifty-two words per minute. Louise Reese of the Willows high school took the one minute championship, writing ninety words. Two bandits were met with a volley of bullets from Los Angeles citizens as they stepped from a branch of the Security Trust & Savings bank after holding up several employees and gathering all the money in sight. One bandit was killed and the other captured.

University of Southern California debaters, upholding the negative of the question, "Resolved, that the United States should enter the world court with the Harding-Hughes reservations," defeated the University of Wyoming forensic team at Los Angeles.

City Marshal Oliver Wilson was shot through the left forearm and neck; Peter Romero, a laborer, was shot in the back and one arm, and one unidentified negro was killed by a posse, as the result of a mystery shooting at Firebaugh, Fresno county.

MEAT IS PERFECTLY SAFE

There is absolutely nothing to fear in meat as a food. Beef, veal, mutton, lamb or pork are as safe today in San Francisco as ever they were.

It is an entirely needless alarm that there is any danger in eating meat by reason of the foot and mouth disease now prevalent among cattle in various parts of the State.

In the first place the foot and mouth disease is not one that is in any way communicated to human beings. There are no cases on record of the foot and mouth disease in man and no record of evil consequences to human health where that disease is prevalent.

Man's afflictions in the matter are purely financial. He suffers by the slaughter of diseased cattle, and not by being near them or handling them.

In European countries, where the disease is much more common and where it has been the subject of long and close study, there is not the slightest alarm as to the use of meat as a food.

In Europe the only difference that the disease makes to the eating habits of the people is due to the higher cost of meat, when whole herds have to be destroyed and time is taken in restocking the farms with healthy cattle.

All animals slaughtered for food for the San Francisco market are properly inspected. Nothing that is unfit for human consumption is permitted to go to the retail butchers.

During all the present outbreak not one case of human illness as a result of eating meat has been reported.

Chops, steaks, roasts, joints or cuts of any kind are as safe today as ever they were. There is no reason for altering one's diet in the slightest particular because of the recent outbreak of disease among cattle. Eat what you like, and if you like what you eat it will do you good.

—San Francisco Bulletin.

DOES IT PAY?

Advertising has made the Victrola dog famous.

It has made the cash register a big brother to retailers all over the world.

It has introduced the world to a substitute for sole leather.

It is displacing the truck horse with 40 horsepower trucks.

It has helped you to an appreciation of Stetson hats, Walk-over, Douglas and Emerson shoes.

It has made the hand-written letter an oddity in business.

It has put hair oil on heads where no hair oil would do any good, and on heads where no hair oil was needed.

It has put Castoria down your throats, left bristles in your gums, and then came along with a Rubberset and took them out.

It has put Sozodont, Pebeco and Pepsodent on your teeth.

It has put a Gillette against your hayfield.

It has put Maurine in your eye, sold you Cuticura for pimples, Pears for the bath and Ivory for the tub.

It has put Arrow collars around your neck and Ingersols around your wrist.

Go anywhere you want to, do anything you wish, and advertising has had a hand in it—absolutely.

And then some people ask, "Does Advertising Pay?"

SMILE AT THE WORLD

It isn't difficult to discover greater sorrow than we experience ourselves.

But that doesn't mean that we should go around seeking it so that we may have something against which to loose our wrath. The difficulty with the most of us is that we never know how fortunate we are and further more don't wish to be told. If we were, we'd have to find something else to complain about, for who is there that is entirely satisfied?

Many times our greatest regrets are of our own making. Usually we could keep most of the sadness out of our lives. But unfortunately we are inclined to go about seeking new causes for complaint, despite the smoothness of nearly all the pathways we tread. Happy, indeed, is the man who knows his own blessings. Yet how few there are who try as hard to find reasons for rejoicing as to discern new causes for complaint.

Let us learn to smile at the world if we wish it to smile back at us.

P. T. A Party

Thanksgiving turkeys strutted about on the November table where pumpkin pies were served by Mrs. Fletcher and Mary Lopes.

December, with its Christmas spirit, was the one table where they gave away something, napkins, trays, knife and fork. This was presided over by Mrs. Canuel and Edna Watson.

Marion Austin and Anna Lund acted as cashiers and Sofia Ferro, Loraine Suggs, Mable Torey,

Miriam Lynn and Florence Carter were the waitresses.

Mrs. M. E. Purmort was chairman in charge of the evening affairs with Mrs. Louis Shelley supervising the dinning tables about the gym.

Patrice Smith and Olive Hanger gave several enjoyable piano numbers during the evening.

This was the first affair of the kind and proved quite a social success for which the P. T. A. is to be highly congratulated.

What Are You Saving For?

Among others, we know some who have definite objectives in adding regularly to their savings accounts. They are not saving "just because." They have their real reasons. They tell us them because of friendship—not because of friendship.

There is no betrayal of confidence in listing these objectives. Here they are. Are you, like the various holders of these passbooks, saving for a definite objective? They are saving

for a new coat in 1924
for a Merry Christmas in 1924
for an automobile in 1925
for a Golden Anniversary in 1926
for a new tractor in 1927
for a trip to the American Legion Convention at Paris in 1928
for a new home in 1930
for a college education to begin in 1936

What are you saving for? When you decide, keep your objective in mind, and remember, our home bank helps you save every day.

Town Tales Tersely Told

Mrs. F. S. Newcomb is spending two weeks at Capitola with Miss Miriam Skiff.

The Mesdames Turnbull, mother and daughter-in-law, were guests this week at the S. G. Rodeck home.

M. Goldman and Campbell Portus were down from Oakland on Friday on a business trip.

Mrs. Catherine Cooper Blair arrived yesterday from San Francisco for a visit with relatives.

Leland Lea, older son of Mr. and Mrs. Horace Lea, is suffering from an attack of diphtheria but is improving.

Rev. Marshall of Sunnyvale, occupied the pulpit of the Congregational church last Sunday in the absence of Rev. Eckles.

Miss Ruby Crow was home from Burke for a week-end visit with her mother, Mrs. Flora Crow, and sister, Mabel Thompson.

Another of those delightful fellowship suppers will be enjoyed by the families of the Congregational church attendants tonight.

Mrs. Genvieve Van Arsdell and children of Hollister, accompanied Mrs. Ethel Davis home Sunday and are spending the week here.

R. A. Judson left for Seattle, Wash., the first of the month to attend the funeral of his father, L. L. Judson, which will be held at Junction City, Oregon.

Miss Helen Beal is quite ill as the result of a series of severe nasal hemorrhages, which resulted in such a loss of blood, as to cause great anxiety over the outcome.

Miss Hazel Greene and her friend Miss Lela Garver who spent their spring vacation here last week with Mr. and Mrs. E. P. Greene, returned to resume their school duties in Sonora, Monday.

Mr. and Mrs. Theodore Farrell, of Escanada, Mich., visited their old friends, Mr. and Mrs. W. T. Alexander, Monday. They have been spending the winter in San Francisco and will shortly return home by the southern route.

Rev. and Mrs. W. E. Eckles, accompanied by Mrs. T. A. Cutting and Mrs. G. R. Merriman motored to Sacramento last week, where they attended the Sunday school convention, returning Monday.

"Bobbie" Williams, as he is familiarly known, met with an unfortunate accident a few days since. In a fall he broke one of the bones in his hand and injured a joint. He carries the injured member in a sling, but is around as usual.

Randall Peterson was the victim of a self-inflicted accident this week, when in handling a gun it was discharged with his index finger over the mouth of the barrel. The finger was badly injured but is expected to heal satisfactorily.

Mr. and Mrs. H. W. Morton and Mr. and Mrs. T. A. Cutting attended the Chamber of Commerce banquet in San Jose last evening as guests representing Campbell's civic bodies, the Merchants' Association and Improvement Club respectively.

Mrs. T. G. Ainsley, mother of Mrs. F. V. Perrott leaves today on her return to her home at West Hartlepool, Eng. Mrs. Ainsley has spent the winter here with her daughter and during her stay has made many friends who will be very glad to welcome her again to Campbell.

The Campbell Unlimited will go to William Warren Friday, April 11, where they will cross bats with the Military School's unlimited team. We hope that there will be a large delegation go from Campbell as it looks like a hard game and we need plenty of rooters.

MRS. M. J. WILSON

The community has suffered a real loss in the passing of Mrs. Wilson, and the following resume of her life is given as she wished it to appear:

Mrs. M. J. Wilson passed away April 7, 1924 at the San Jose hospital.

She was born June 29, 1849 in Booneville Missouri. Came across the plains in 1857 in an ox-team with her parents, J. M. Berry, who was a practicing physician at that time, and her mother Josephine D. Jones Berry of Virginia of the John Paul Jones heritage. They settled in San Joaquin Co. near Stockton, where she grew to womanhood and received her education.

After teaching school one year, she became the wife of Francis Marion Wilson, a stock raiser and farmer whose home was in Stanislaus County near Modesto.

She became the mother of eight children, five of whom with her husband have passed beyond. She leaves three daughters, Mrs. M. E. Hoerler, of Los Gatos, Mrs. Onie Putnam and Mrs. Lottie Miracle of Campbell, five grand children, five great-grand children, one sister, Mrs. L. J. Sears, of San Jose, and two brothers, Dr. J. L. Berry, of Los Angeles, and Robert L. Berry, of Lindsay.

Mrs. Wilson and her husband united as charter members of the Christian church the second month of their marriage, both going down together into a stream of water on their own place for baptism, in which faith they continued to the end.

She moved to Campbell in September 1895 and bought her present home. She has been an active worker both in her own home and community and also in the different orders to which she belonged, serving as captain of the degree team for 29 years.

At the time of her death she was a member of the Eastern Star, Grange and W. C. T. U.

Her work is now finished and she rests secure in the love of her Savior and His promises.

CAMPBELL'S PRIMARY ELECTION OFFICERS

Polling places and election officers for the primary election on May 6, have been designated by the Board of Supervisors as follows:

Campbell Election Precinct No. 1.
Polling place—W. S. Shelly's Garage.

Open Season for Automobiles

Lots more traffic during Spring and Summer—many more opportunities for accidents. Every time you pick up the paper you read of a number of accidents. Suppose you ran into someone. Suppose you badly damaged someone's property. Suppose you "busted up" your car. Would YOU have to stand the expense? Or have you been far-sighted enough to secure protection? Don't delay. Insure that automobile NOW.

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.
How often you require to paint is largely dependent upon the paint you use.

THE
SHERWIN-WILLIAMS
PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—The Sherwin-Williams Paints.

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one size-fits-all mixture for all.

GRAMMAR SCHOOL NOTES

The girls' baseball team played
a game with Los Gatos Friday,
April 4. The score was 24 to 3
in favor of Campbell. The boys'
baseball team also played a game
but Los Gatos won, the score be-
ing 5 to 4.

The teachers are givin talks in
their rooms on the subject of be-
ing kind to animals as this is Hu-
mane Week.

Pupils of the 5th, 6th, 7th and
8th grades are taking the exami-
nations given by the County each
quarter. The examinations start
Wednesday and finish Friday.

The twenty-one pupils who
made the highest grades in the
preliminary music contest held at
Campbell school last Friday will
go to Los Gatos Saturday, April
12, to take part in another contest.

1912, of Campbell Interurban Press,
published weekly at Campbell, Cal.,
for April 1st, 1924.

Before me, a Notary Public, in and
for the State of California, County of
Santa Clara, personally appeared H.
C. Smith, who having been duly sworn
according to law, deposes and says
that he is the editor of the Campbell
Interurban Press.

Publisher, editor, and sole owner,
Harry C. Smith, Campbell, Cal.

Bondholders or mortgagees, none.
Sworn to and subscribed before me
2nd day of April, 1924.

JANICE BAUGH, Notary Public.

Redding is making war on pool hall
gamblers.

Logging operations in the Lassen
woods have begun on an extensive
scale.

The Oroville lighting system is
undergoing reconstruction which will
cost \$55,000.

John Fuller, Long Beach barber,
suicided when about to be arrested
for wifebeating.

Reduced round-trip railroad fares
will be put into effect for Raisin day
at Fresno, April 29.

NOTICE OF SALE OF REAL ESTATE BY EXECUTRIX

In the Superior Court of the State of
California, in and for the County of Santa
Clara.

In the Matter of the Estate of Clara E.
Gilliam, Deceased.

Notice is hereby given by Kathryn
Crysler Street, executrix of the last will
and testament of Clara E. Gilliam, de-
ceased, that she will, as such executrix,
sell at private sale to the highest bidder
upon the terms and conditions herein-
after mentioned, and subject to con-
firmation by said Superior Court, on or
after Monday, the 28th day of April,
1924, at 10 o'clock A. M. of said day, all
the right, title, interest and estate of the
said Clara E. Gilliam, deceased, at the
time of her death in and to the real and
personal property hereinafter described,
and all the right, title and interest that
the estate has, by operation of law or
otherwise, acquired other than or in
addition to that of said deceased at the
time of her death, in and to the
following described real and personal
property:

All that certain real property situated
in the Town of Los Gatos, County of
Santa Clara, State of California, and
bounded and particularly described as
follows:

Lot No. 1 in Block No. 4 of the Almond
Grove Addition in the Town of Los
Gatos according to a Map of said Addi-
tion of record in the office of the County
Recorder of Santa Clara County in Book
"C" of Maps, page 3.

Certificates No. 62223 for 3 shares and
No. 51553 for 10 shares of the first pre-
ferred capital stock of the Pacific Gas
and Electric Company, a corporation, of
the par value of \$100.00 each.

All the household goods and furniture
belonging to decedent, located on the
premises above described.

Terms and conditions of sale: Cash in
gold coin of the United States, 10 per
cent of the purchase price to be paid at
the time of sale, the balance on con-
firmation of sale. All bids or offers
must be in writing and may be left at
the office of Leland H. Walker, 701-702 First
National Bank Building, San Jose, Cal.,
or with G. S. McMurtry, Los Gatos,
Cal., or may be filed with the Clerk of
said Superior Court at any time after the
first publication of this notice and before
the making of the sale.

Dated April 7, 1924.

KATHRYN CRYSLER STREET,
Executrix of the last will and testa-
ment of Clara E. Gilliam, Deceased.

Leland H. Walker, San Jose Cal.,
Attorney for said Executrix.
(First publication April 11, 1924.)

Bibles Cherished in Orient
New York.—More copies of the
Bible were circulated in China and
Japan in 1923 than were distributed
in the United States, the American
Bible society reported. The eastern
countries allotment was 2,868,605.

Anthracite Prices Cut
Philadelphia.—The Lehigh Coal and
Navigation company and the Lehigh
Valley Sales company were joined by
the Philadelphia and Reading Coal
and Iron company in spring cuts in
the price of anthracite coal.

CAMPBELL HI DEFEATS LOS GATOS

Monday afternoon, April
seventh, on the Campbell base-
ball diamond the Campbell un-
limited defeated the Los Gatos
unlimited. It was a close game
and kept the crowd on their toes.
The score was 4 to 2.

Things looked dark for Camp-
bell at the beginning of the game
when Los Gatos had two men on
and barely failed to score. Camp-
bell didn't get beyond first.

In the second inning Henk
Shelley started the ball rolling for
Campbell with a two bagger, E.
Clark made a neat sacrifice put-
ting Henk on third. Then B.
Reed knocked a nice one base hit
bringing Henk in.

They continued this pretty
stuff in the third inning when A.
Bonacorso brought G. Eddleman,
who was on third, in with a clean
swat. Sam Reed made first
putting Bonacorso on second.
Then Jit Nishida sapped the ball
for another two bagger bringing
both Bonacorso and Reed in. The
score was then 4 to 0. For the
remaining innings Los Gatos did
all the scoring making two runs
in the fifth inning.

This is Campbell's second
league game and one of the hard-
est that they will have to play.
They sure have a pretty start and
they will certainly show the other
teams in the league what real ball
playing is.

A. Sundquist heaved the pill for
Campbell and he sure did his
stuff. W. Murphy did some fast
fielding.

The line-up for Los Gatos was:
Davis, c; Countryman, p; Bullin,
1b; Berryman, 2b; Farwell, 3b;
Adams, cf; Vodden, ss; Giampoli,
cf; Hall, rf.

The line-up for Campbell was:
B. Reed, c; A. Sundquist, p; H.
Shelley, 1b; A. Bonacorso, 2b; J.
Nishida, 3b; G. Eddleman, ss; E.
Clark, lf; S. Reed, cf; W. Mur-
phy, rf.

RICHARD SHELLEY
Reporter for Boys' Athletic
Club of the Campbell
Union High School.

W. C. T. U.

"Good morning, Mrs. Gray!"
"Good morning, my dear."

"I've been wanting to ask you
why there have been no reports
of the W. C. T. U. meetings late-
ly? The children have been sick
and I couldn't attend the meet-
ings."

"I see. Our reporter has been
away on a vacation, but perhaps
I can remember a few items to
tell you."

"At our meeting on January 16,
we enjoyed the reading of letters
from soldier inmates of hospitals,
who had received Christmas
boxes, sent by members of Camp-
bell Union, expressing apprecia-
tion of the contents. The theme of
the afternoon's program was Law
Enforcement, and you may be
sure it was interesting."

"The meeting February 25 was
a notable one because of the re-
signation of the much loved pres-
ident, Mrs. M. J. Wilson, made
necessary by continued ill health.
The resignation was accepted
with many regrets and sincere
thanks for her faithful service."

"On February 23, a special par-
lor meeting was held with Mrs.
Newcomb at which the union was
favored with the presence of the
State vice-president at large, Mrs.
Anna Pettit, accompanied by Mrs.
May Hollingsworth, county pres-
ident and Mrs. Maude Boyington.
The address of the afternoon was
made by Mrs. Pettit. Excellent
instruction was given by all the
speakers upon the specific work
at hand as well as upon several
lines of department work. Em-
phasis was also laid upon the two
songs sung, "Work for Enforce-
ment Where You Are" and "The
March of Allegiance."

"A social hour and refresh-
ments concluded a very delight-
ful afternoon. Mrs. Pettit ad-
dressed the Congregational Sun-
day school and occupied the pul-
pit of that church the following
Sunday. She also addressed a
union service held by the Ep-
worth League and Christian En-
deavor Society that evening in
the M. E. church."

"At the regular meeting on
5, the union elected Mrs. Mabel
Davidson as president, which
office was accepted by her. At
the close of the afternoon's pro-
gram, Mrs. F. C. Farr asked that
a Mother's Meeting be held with
her during the month of May, the
date to be determined later. Be
sure and attend and bring moth-
ers and their children. It is ex-
pected the county superintendent
will be present and talk. The

A big motor freight line settles
THE OIL QUESTION—

The Consolidated Motor Freight Lines, Inc.,
of Oakland, Calif., has solved its lubrication
problem — by standardizing on Zerolene.

Independent Tests Verify Claims

Subjecting the anti-western oil superstition to the
test of actual comparison in service, this Com-
pany verified independently our claims that
Zerolene will lubricate the modern automobile
engine as well or better than any oil on the
market, irrespective of price, and whether of
eastern or western origin. A part of their letter
follows:

"During the past three or four years we have exper-
imented with various brands of eastern and western
lubricating oils, including Zerolene oil. The results
of these tests have proved to our satisfaction that
Zerolene lubricates our equipment with the greatest
efficiency."

"Our recent decision to lubricate our trucks exclu-
sively with Zerolene oils has resulted in the reduc-
tion to a minimum of mechanical difficulties which
were due to faulty lubrication."

Less Carbon—Better Gasoline Mileage

ZEROLENE
F
for FORDS

—the Standard Oil
Company's new
improved oil for
Ford cars, "Feeds
Those Oil-Starved
Fords."

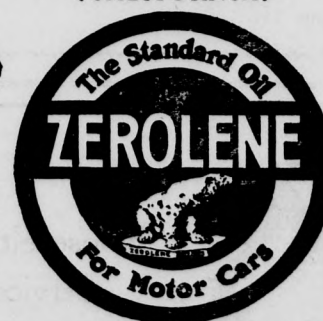

Why pay tribute to a superstition?
The use of Zerolene, of the proper
body, will not only cut down your
oil bill, but give you better contin-
uous lubrication, and better lubri-
cation means greater gasoline
mileage, less carbon, lower upkeep
costs, and a longer life for your car.

Insist on Zerolene, even if
it does cost less.

STANDARD OIL
COMPANY
(CALIFORNIA)

This booklet reports inde-
pendent service tests of
Zerolene made by a num-
ber of large users. Ask any
Standard Oil Sales repre-
sentative or Zerolene deal-
er for a copy.
